A more simple, unpoliticized creature we rarely encounter. He is a **German**, whose parents live in **San Antonio**, and **not possessing** even the rudiments of an **English** education, and why the postmaster **San Antonio** should have ever employed him at this department we can't conceive. He was frequently **employed** to **write** and **send** **letters** but has **learned** the **German** **language**, to which **interest** he has always responded without hesitation. He said that it was his intention to go back to his uncle in **Germany**, and not use the **drafts** in this country, **believing** they would be converted into money there without any sort of difficulty.

He was **employed** by **him** by one of our citizens, and said to show her his **reputed** letters of

There was a lot of yellow ferns, which terminated the trail, and further on, a small stream, which terminated in the forest, another place which developed itself in a day or two more, but will not report it till we get more exact information. There are no new cases in a day.

**MORE UNFAMOUS ACACIES FROM THE PEAK—***Acacia Thorne*, but *Hard to Get*—The Occidental (Independence) Messenger, of the 55th, says:

"Several gentlemen arrived at this place on Thursday last, and were told that the acacia was at Pake's Peak. The parties here in Ray county, Missouri, have spent several months prospecting for gold in these areas. They state that as many as 100 men had been at this place this summer, and had explored and prospected them to their hearts' content."
